PERMIT AGREEMENT

Building and zoning permits are valid for one year from the date of issue. Construction must be started within 180 days of issue. Permits may be extended only once by making application and paying an extension fee prior to expiration of the original permit.

Applicant/Owner is responsible for obtaining required highway occupancy permits from the PA Dept. of Transportation or Mount Pleasant Township as applicable.

I hereby agree that all applicable provisions of the Township Codes, the Energy Conservation Act 222 of 1990 and the most current version of the Uniform Construction Code in effect at the time this permit was issued shall be complied with, as well as the requirements of the Municipal Sewer and Water Authority whether specified or not.

In consideration of the issuance of a permit to the undersigned Applicant acknowledges that, in reviewing plans and specifications, in issuing permits, and in inspecting work of the Applicant, employees of The Municipality are only performing their duties to require compliance with the minimum requirements of the applicable Ordinances of The Municipality pursuant to the policy power of The Municipality and are not warranting to the Applicant or to any third party the quality or adequacy of the design, engineering or work of the Applicant. Applicant further acknowledges that it will not be possible for The Municipality to review every aspect of Applicant's design and engineering or to inspect every aspect of Applicant's work. Accordingly, neither The Municipality nor any of its elected or appointed officials or employees shall have any liability to the Applicant for defects or shortcomings in such design, engineering or work, even if it is alleged that such defects or shortcomings should have been discovered during The Municipality's review or inspection.

Furthermore, the Applicant agrees to defend, hold harmless and indemnify The Municipality, its elected and appointed officials and employees from and against any and all claims, demands, actions, and causes of action of any one or more third parties arising out of or relating to The Municipality's review or inspection of the Applicant's design, engineering work, or issuance of a permit or permits, or arising out of or relating to the design, engineering or work done by Applicant pursuant to such permit or permits. All references in this Agreement to Applicant's employees, agents, independent contractors, subcontractors or any other persons or entities performing work pursuant to the issuance of the building or grading permit by The Municipality.

I am fully aware of the U.S. Department of Labor, Occupation Safety and Health Administration (OSHA) standards and understand that I must comply with these standards for the duration of my construction project.
